General Conformity Issue Paper 1-10-17.docx

Debra

You can forward this version of the WY general conformity paper to Betsy. I made some edits from the version Scott sent you Monday.

Thanks

Carl Daly, Deputy Assistant Regional Administrator

Office of Partnerships and Regulatory Assistance

EPA, Region 8

Thank you Scott. If Martin/Carl have already approved since Dec 30 and nothing has changed - we are good to go.

Normally – Betsy likes to see an email that Martin/Carl have seen the latest version and approved, otherwise she will hold off including in Deb’s binder. Keep me honest...I would like to send soon than later.

Debra Lucas

Debra,

Here are the briefing materials for sending to Betsy and inclusion in the RA notebook. The briefing is next week so I guess this just needs to go into the collection that's due on Thursday.

Scott

Deb,

The Air Program has a briefing scheduled for you on January 19th to discuss an oil and gas issue in Wyoming. Specifically, it's an issue with the BLM's interpretation of EPA's General Conformity regulation. The attached paper contains the details.

We briefed Martin on this before he and Carl went on leave. Martin suggested that we email you these materials so that you have time to review and digest it before the 19th. Please let me know, if you would like me to also send this up through the normal channels (i.e. Betsy V. for placement in the RA briefing book).

We recognize that waiting until the 19th is a long time before we discuss this but it was the earliest that all the necessary staff/mgmt. would be in the office. Tim Russ and Sara Laumann are certainly available sooner if you want to discuss after reading the briefing paper. Please just let

me know.

Thanks,

Scott
